## Medical Report - Cerebral Infection

The information you provide on this form will assist in deciding eligibility for benefits under the Veterans' Entitlements Act 1986 and/or Military Rehabilitation and Compensation Act 2004. In the event of an appeal against a decision, this information may be provided to the Veterans' Review Board, Administrative Appeals Tribunal or Federal Court.

### Veteran's Details

Surname	Given Names	DVA File Number

### Report Detail

A claim for service related compensation in respect of the above named leads the Department to consider whether a cerebral infection could be relevant to the development of (\_\_\_\_\_) in this case. **Note:** The Repatriation Medical Authority (RMA) has defined a **cerebral infection** to mean:

- (a) cerebral abscess; or
- (b) cerebral helminthic infection (cysticercosis, schistosomiasis, sparganosis); or
- (c) cerebral protozoal infection (malaria); or
- (d) encephalitis;
- (e) intracerebral fungal infection (aspergillosis or mucormycosis); or
- (f) meningitis

1. When was the clinical onset of (\_\_\_\_\_)?...../...../.....

2. Has the veteran ever suffered from a **cerebral infection** as defined by the RMA?

- No** – Please sign the form and return it to the Department
- Yes** – Please specify **type** and **date** of infection, **duration** of illness and opinion about its **underlying cause**, if relevant:
